

John C. Omahen
B - General Building Contractor
C36 - Plumbing Contractor
California Contractors License # 567655

1999-Present O.P. Consultants, Inc. - President

Currently, have been retained on over 850 construction defect cases as a forensic plumbing expert / general contractor and cost estimator in the fields of plumbing, mechanical and electrical on single family residences, condominium complexes, including high rise and commercial projects. Designations consist of consultant for owners, developers, general contractors and subcontractors.

1989-Present Omahen Plumbing & Construction - Owner

Own and operate plumbing /general contracting company with a range of 6 to 12 employees. Phases of work include: custom homes, multiple units, commercial and residential, apartment complexes and large remodel projects. My specific duties include: estimating, lay-out, day to day negotiating with contractors, site supervision, office and financial duties and employee management.

1988-1989 Stacey Plumbing

Journeyman plumber and foreman on tract homes for McMillin Developments. Work performed included lay-out, underground and site development, top-out waste, water and gas systems and finish plumbing to completion.

1984-1988 Bill Easter Plumbing

Apprentice and journeyman plumber, working on all phases of plumbing including new condos, custom homes and co-generation units at hotels, residential and commercial exposure.
